Wheatley Fourth Time President

At the convention of Municipal Districts held during the past week in Calgary, J. M. Wheatley was re-elected President for his fourth term, on Tuesday. Mr. Wheatley who lives at Chancellor, is well known in this area, having served in various public offices for years. He is presently a councillor for the municipality of Bow Valley.

During the meeting a strong attack against the social service tax was instituted, and Mr. Wheatley led the attack. Mr. C. E. Gerhart, minister of municipal affairs, was present and it was towards him that the attack was pointed. Mr. Wheatley pointed out the obvious unfairness of the tax in its distribution, and showed how the farmer was called on to pay more than twice as much, per capita, as any other citizen, and over six times as much as those people living in villages.

In the session when Mr. Fallow was present, strong criticism was levelled at his road program. Many questions were asked, and answered by him. Objection was raised to the policy of the government giving road grants for places not approved by the municipal council, and constructing roads that do not tie in with the plan of the local council.

During this discussion, many delegates, including the president were very surprised to hear of a grant of \$100,000 which the provincial government has been spending on three-way road grants.

Handicraft Group Meets

The first meeting of the Handicraft Group of the Community Council was held Thursday evening, and was attended by a large and enthusiastic group of interested persons.

Mrs. Magge presided over the members of the group.

Keen interest was evidenced and fuller plans for future work will be made following the general meeting, to be held November 28th.

A men's committee is also being formed, Anson Chase, having been appointed as leader at the last general meeting. A number of worthwhile ideas have already been advanced for future development.

Lions Zone Meeting

The second Advisory Committee Meeting of Zone 1A Region No. 1 of 27-C, Montana-Alberta of Lions International was held in the Dining Room of the Memorial Hall, Strathmore on Sunday afternoon. Zone Chairman L. L. Schmaltz, of Beloeur, presiding. The guest of the meeting was District Governor Roy Nelson of Chateau Montana.

Among those present were C. Callier, President of the Calgary Lions Club, with Alex Beveridge and Henry Wingfield.

From Vulcan were President Jamieson with Marvin McIntyre, Fred Messenger, C. Fulton and Geo. A. Sales. From Irricana were President Art Craig with Norman McLeod, J. Peterson and J. Steele.

From Beloeur were Zone Chairman Louis L. Schmaltz and Marcel Bernier. Strathmore Lions present included President C. Harvey, Jas. Vermut, Harold Scheer, Geo. Palardy, A. Scott, Walter Mercer, C. Scott, Geo. Anderson, Bud Tench, R. J. Milligan, Larry — (Continued on Page five)

POSTHUMOUS AWARD TO GLEN BOISSEVAIN

In a letter received recently by Mr. and Mrs. Harry Boissevain, they were informed that Air Force headquarters has seen fit to award the operational wings to their son, Glen Boissevain, who was well known and well liked in Strathmore for many years prior to the outbreak of war. Lost his

P/O H. G. BOISSEVAIN

life in air operations over Germany on April 23, 1944. He was 23 years old. The letter and the citation received (Continued on Page Five)

WEDDING

CARTO—OSTERGAARD

A quiet but prettily arranged wedding was solemnized in the United Church Tuesday, November 19th at 2:00 p.m. when marriage vows were exchanged between John Donald Carto and Dagmar Ostergaard, eldest daughter of Mr. and Mrs. L. F. Ostergaard of Strathmore, the Rev. A. A. Hamilton officiating.

The bride given in marriage by her father chose for the occasion a very pretty floor length gown of pink silk with finger tip veil caught in a cap shape with pink carnations. She carried a lovely bouquet of white mums and fern.

Miss Ruth Ostergaard, gowned in white silk was her sister's bridesmaid and little Edna Ostergaard in a pretty white net dress was Flower girl. Each carried lovely bouquets of carnations and fern.

The best man was Mr. Ostergaard of Calgary, uncle of the bride.

Hans and Harold Ostergaard acted as door attendants.

Mrs. Polley played the wedding music. A hymn which is a special favorite of the family was sung before the signing of the register.

Following the ceremony the wedding party and guests numbering about 25 motored to the home of the brides parents where a sumptuous Turkey dinner was served, a three tiered bride cake centering the table which was artistically adorned with

SPECIAL WATER MEETING FOR COUNCIL

Members of the Town Council held a special meeting on Friday night last following receipt of the final revision of the engineer's report on the proposed water works for the town.

The final estimates, based on the costs of the system only recently installed at Vermillion, and as nearly accurately as prices can be gauged, show a cost of \$41,585 for the sewer system, and of \$51,243 for the water system, the complete system costing \$92,828. This figure also allows a ten per cent. leeway for contingencies and Council felt that it was almost certain these contingencies would be met, before completion of installation.

These figures represent an increase, in the cost of the sewer system of approximately \$2,400, and a decrease in the cost of the water system of almost \$10,000, including an overhead tank, and more complete coverage of the town.

Revision of the plans had been so thoroughly done that it was pointed out, the present plans showed only two fences on the south side of the tracks which would not be included on the water main, and it was felt that at least one of these might very easily and cheaply be reached.

Estimated service charges of the report were somewhat below those of the Town's committee, but it was pointed out that it was likely that it would in all probability be two years before the full revenue of the system would be coming in.

In connection with commercial

charges, it was suggested that the secretary write to Brooks, Bassano, Olds, Vermillion, Calgary and Innisfail and try to have a report back from them by Tuesday night for the regular meeting as regards costs of their services.

It is proposed to drill the well, and erect the overhead tank on the garden adjoining the Town Hall.

CHESTER LYDIATT LEAVES CPR

Chester A. Lydiatt, clerk in the D.N.R. offices at Calgary, and for many years located in Strathmore with the irrigation offices, has been retired on pension after 48 years with the Canadian Pacific Railway.

Mr. Lydiatt was active in musical circles, while in Strathmore, and took keen interest in most activities in the town, until his departure in 1935.

Mr. and Mrs. Lydiatt plan to continue living in Calgary.

TOWN COUNCIL

Meeting Tuesday night in the Town Hall the Mayor and all Councillors were present. A report was received from the Calgary Power Company stating that as soon as materials were available, a light would be installed on the pathway crossing Lambert Park from the bottom of Main Street. Council felt that every effort should be made to get something in there during the long nights of the winter, even if it is not the regular equipment. Further alterations will be made to the streetlights as more material is made available.

A bylaw with regard to donations for three or four charitable institutions was read and passed.

Councillor Patrick was appointed Deputy Mayor for the ensuing three months period.

A letter was read from City Assessor W. D. Milner stating that he would be in town on the first fine day for the purpose of making assessments (Continued on Page Eight)

C'SELAND GIRLS CLUB

On October 29th Miss Hogg was warmly welcomed by the girls of the Garden Club. She formed a group on Good Grooming with the following officers: President, Edna Hildahl, Vice-President, Dolly Groves; Secretary, Edna Groves; Press Editor Marjorie Groves.

Mrs. Briscoe and Mrs. Gilham are the Club leaders for the Girls this winter. Altogether there are thirteen members.

The girls had their first meeting November 6th. They haven't decided what to call the club, so they are having the roll call on names for the next meeting.

It was decided to have a skating party on November 30th at 7:00 p.m. at Carlsland rink. There will be hot dogs and hot chocolate, and of course, a small charge. Everyone will be welcomed.

COMING EVENTS

Annual meeting of the Community Council will be held in the Town Hall at 8:00 p.m. on Thursday, November 28. A full attendance is requested.

Regular Clinics for Infant and Pre-School Children are held by the Wheatland Health District from 2:00 to 4:00 p.m.

Strathmore, the second and fourth Tuesday in each month. Carlsland the second Friday in each month. Standard, the third Thursday in each month. Rockyford the third Friday in each month.

Office hours are from 9-12 a.m. each Saturday. a22tf

The W.A. of St. Michael's Church will hold a Bazaar and Tea in the Dining Room of the Memorial Hall on Saturday, November 30th from 3:00 to 6:00 p.m.

The Chadwick Community Club is holding a dance in the Community Hall, Friday, November 29, with Harold Anderson's orchestra. Everybody welcome. In21c.

RED CROSS NOTES

After doing most excellent work for Red Cross the Hervey sewing club have disbanded. Their bank account of \$11.00 has been handed over for blankets for Britain. The Strathmore group is deeply grateful for their splendid co-operation and interest during the past six years, and knows if any emergency arises the ladies will again readily respond.

Rockyford Sisters Canadian Champions

Excitement ran high in Rockyford when word was received from Toronto

that Miss Marjorie Roppel had taken top place in the Dominion in the Junior Seed Wheat event at the Royal Winter Fair held this week at Toronto. Not only was Marjorie first, but her sister Audrey was second in the same competition. Since this is Audrey's first year in the Club, this is a

signal achievement.

The Rockyford Junior Grain Club was organized only three years ago. Miss Roppel, who is seventeen, took 2nd place in Club work in Rockyford this year, with a total score of 383 points out of a possible of 475. The closeness of competition can be judged from the fact that Audrey, with 347½ points, stood eleventh.

The Rockyford Juniors are an unusual group of girls, with a keen interest in flowers and tall white candles.

Rex Hamilton, happily proposed the toast to the bride, the groom responding.

A unique feature of the occasion was the singing of The Danish Wedding Hymn by Danish friends—this same hymn having been sung in the three preceding parental weddings.

Mr. and Mrs. Ostergaard entertained again on Wednesday evening in honor of the bridal couple, before their leaving on Thursday for Camos, B.C. where they will make their home for a time.

Happy felicitations are extended to the young couple for many years of happiness and prosperity.

POTATO COMPETITION WINNERS

Winners of third place in the Dominion in the Junior potato competition in the recent Toronto Royal Winter Fair, are David Drummond, left, and John

Scheer, right, both of Strathmore. R. J. Milligan, District Agriculturist, at Strathmore, centre, was coach for the team.

LANGDON

By G. E. W.

On Wednesday evening November 13th a surprise party was held at the home of Mr. and Mrs. Roy Vanalstine in honor of their married son and his bride. During the evening Bingo was played, then a few quiz contests were held; which everyone seemed to enjoy. A very delicious lunch was served. Mr. Colwell then presented the happy couple with a walnut Radio table from their many friends in Langdon and district. Howard thanked his friends for remembering them with such a lovely gift—"A Jolly Good Fellow", was sung bringing the evening to a close. There were 41 guests present.

SNOW ON THE WALKS

Sometimes we wonder about people. At this time of year it is customary to see snow on the walks, and customary to be reminded of the necessity of removing this.

So we were pleased on Tuesday morning at about nine o'clock to see Jack Bennett, the Town man, with the tractor and scraper go whizzing down the sidewalk scraping away snow like a scared rabbit burrowing a hole. He had to do half a block by the vacant corner where the old Manie Leaf Hotel stood, and some fifty feet in front of the same property. So we were naturally pleased when he continued right down the street to where it stops some one hundred feet down. He followed the same procedure on Main Street also, and two or three other blocks in addition.

We were surprised, then, to hear, about nine-thirty, some comment about its being nice to have the walk cleaned for you. Later on in the evening, we heard there had been other comments concerning the Town shovelling all of some people's walks.

Sometimes we wonder about people.

What thinking person would want to see the tractor run down the street, scrape fifty feet, then lift the blade for a hundred and fifty feet, till it came to some more town property, drop the blade again for fifty or a hundred feet, and repeat the process. We feel pretty sure that if this hap-

pened the same people would turn round and exclaim over this silly exhibition.

Maybe it's the use of the tractor and the blade, making this fast scraping possible, which worries them. Maybe they would prefer to see Jack out there with an old fashioned scoop shovel, and spending some hours of the Town's time in clearing up the Town property. In this way, everyone on these sidewalks would have to clean his own, and all would be fair again.

Naturally we're happy that the walk in front of The Standard office happens to be in the path of the tractor on its route, but we'd feel just as indignant if we weren't here, and saw the Town, with all of its apparatus, using some other system. . . . the old scoop shovel, or raising the blade and driving right through the snow. We'd like to see the use of the tractor extended, if it were possible, to cover all the walks in town. Probably the citizens would all feel much happier to be relieved of their responsibility, and the net result would in many cases be an improvement. But at the moment it seems not possible, though there is a good chance that some of the hills and holes on the narrow walks will be fixed before next winter.

Meantime, we think it's far better to have half of the walks in town done quickly than to let them wait until every last board walk can be cleaned too.

BAKING MADE INTERESTING

Bread making is normally considered a dull, prosaic business with little imagination and certainly nothing to hold the business, so we were somewhat skeptical this week when we found still another of the many pamphlets that crowd a newspaper desk each week. This one, we noted, was headed "The Fascinating Story of Bread," and we naturally felt doubts as to how much we could be "fascinated."

But as we looked through, the booklet aroused a little more interest, and pretty soon the pictures had done the trick. . . . some of the stuff was being read.

The booklet is a most informative little affair, with answers to a host of questions which sometimes cause con-

ment. . . . "What is a sour-dough?" . . . "What is a baker's dozen?" and so on. It is also profusely illustrated all through the pages.

Children, teachers and parents may find this book more than worthwhile as an aid in some of their studying and teaching, and just for general interest. Anyone may have copies, according to their needs, free by applying at any agency of Canadian Bakeries, for the booklet, put out by them. It is intended for widespread distribution among schools and teachers. J. J. Gibbons of Calgary prepared the copy and the photographs are the work of H. Pollard, also of Calgary. Altogether the booklet forms a very interesting period of reading.

Under The Street Lamp

by PAT O'HOOLEY

"So you have to run home as usual," scoffed Charlie Scott as Al Peck rose to leave. "What are you, a man or a mouse?"

"A man, of course, replied Al, with dignity. "What makes you so sure?" demanded Charlie.

"Because," explained Al, "my wife is afraid of a mouse."

A brute, says Edna Hughes, is a man who leaves his wife alone all day long - without a cigarette in the house.

Mrs. Gannon: "Would you say my son is really trying?"
Miss Gordon: "Yes, very."

Red McDougal has just returned from his annual hunting trip. He killed one cow, two pigs, one dog and six quarts.

PREDICAMENT

Letter to Rep. George W. Gillie of Indiana.

The army says I can't wear a uniform after I arrive home because I'll be impersonating a soldier.

The stores say I can't buy a suit of clothes because they haven't my size.

The police say I can't go on the streets naked because it is against the law.

I would gladly stay off the streets but I can't find a house to live in, and with the shortage of lumber, I can't buy a barrel.

Having been wounded the army won't take me back because I'm not physically fit.

I shall be 21 in 1948. Can you tell me who will be running on the Republican ticket for President?

Dolly Saunders: "I like that dress you're wearing."
Edna Vermont: "I got it for my twentieth birthday."
Dolly: "Really! It has worn well, hasn't it?"

Two old ladies were taking a stroll together down a quiet country lane when suddenly a huge man-eating Bengal tiger bounded from the adjoining woods and raced past them roaring and snarling.

"Did you see that?" asked one old lady of the other.

"Yes," she replied calmly. "You don't see many of them around here these days, do you?"

Mrs. Bremner: "Oh, Jack, you left the kitchen door open and the wind blew my cook book shut, so that I haven't the faintest idea of what it is I'm cooking."

WINTER MEANS HARD STARTING

Let us put your battery in tip-top shape now, so that when zero weather starts soon, you'll be able to step on the starter. . . . and start! Cold-weather starting is hard on a battery. . . . let us put your battery in shape for the "Battle of Winter!"

LIONS ZONE MEETING

Siegal and W. E. Springthorpe.

The business was lively and interesting and all Clubs in the Zone showed great activity in their respective communities.

During the meeting District Governor Roy Nelson sat by taking in all the reports and discussion of the various Delegates. Before the close he spoke to the meeting for a short while, and expressed his enthusiasm at being able to attend. He stated that he was greatly pleased at the way the meeting was conducted, and the interest taken in the various subjects brought forward, and that it would be an inspiration to some of the other Zones in District 37 C.

After the meeting was adjourned all present sat down to a delightful chicken dinner arranged by Lions Bob Milne, Geo. Anderson, J. A. Tench, Larry Siegal and J. Vermunt.

After dinner Lion Tamer A. Scott conducted a sing-song with Lion Cecil Collier at the Piano.

Lion Charlie Scott was Tail Twister for the evening but owing to the sumptuous dinner was not very active, therefore fines were few.

After the close of the regular proceedings the District Governor met with the Strathmore Lions to complete his visit.

District Governor Roy hopes to be able to visit Strathmore again early in the New Year.

Dear Mrs. Boissivain:

It is a privilege to have the opportunity of sending you the Operational Wings and Certificate in recognition of the gallant services rendered by your son, Pilot Officer H. G. Boissivain.

I realize there is little which may be said or done to lessen your sorrow, but it is my hope that these "Wings", indicative of operations against the enemy, will be a treasured memento of a young life offered on the altar of freedom in defence of his Home and Country.

Yours very sincerely,

HAVE YOU ANY RUPEES IN YOUR PURSE?

He has been talking for months about buying a real shawl. But wouldn't she be surprised if she found it priced in rupees! That it isn't, is due in large measure to the services rendered by your bank.

When you buy imported goods in Canadian stores, you pay in Canadian dollars—but the people who made them were paid in Indian rupees, British pounds, French francs...

It is the same in reverse with exports. You may be one of the three out of every eight Canadians who make their living through goods sold abroad. If so, you receive your wages in dollars, but your products are sold in all sorts of foreign currencies.

Arranging the complicated exchange and transfer of foreign funds in such transactions is but one of your bank's many services enabling Canadians to buy and sell abroad.

Mrs. George Mace has gone west for a holiday.

SPECULATORS MAKE MILLIONS

Farmers who grew flax in the United States this year are not any too pleased about the development in the flax market. The ceiling price was \$4 a bushel, and about 75 per cent of the crop was delivered at that figure. Then the ceilings were removed and the price soared to \$7 a bushel. It is reported that in Minneapolis alone a few speculators cleaned up \$10 million. It is such unfair happenings which prejudice farmers against the open market.

UNRRA ENDS

The United States is obviously determined that no more funds will be voted for the United Nations Relief and Rehabilitation Association (UNRRA) whose program for Europe will end December 31st of this year and for Asia on March 31, 1947. The nation has put up the bulk of the funds, somewhere around \$2½ billion. In addition, the United States has put up contributions, bringing the total up to about \$3 billion. Under agreement, UNRRA was to be financed by a levy of one per cent of the annual national income of uninvaded countries.

While UNRRA's supplies and efforts have been responsible for alleviating famine conditions and saving millions of lives, the United States believes a certain amount of food supplies have been diverted to armed forces in place of civilians, also that the worst of the situation is over and most European countries can now stand on their own feet.

Florella La Guardia, head of UNRRA, believes the program should be continued, and says it is not widespread starvation and political unrest will develop.

LATEST NEWS ABOUT GENERAL MOTORS DELIVERIES

Everybody from factory to dealer is doing everything that
can be done to speed deliveries to you

Because of the continued and unavoidable shortages of various materials, production of new cars and trucks has remained behind our expectations. As a result, shipments of new cars and trucks to dealers for delivery are still far below the level we and the factory had hoped to attain by this time.

We know that General Motors is doing everything possible to step up its production totals—to ship more and more cars and trucks to us and to its hundreds of other dealers throughout Canada... and we know, too, that we are assured of getting our full proportionate share of the current and future output.

Of this you may be sure: We shall continue to make deliveries

of cars and trucks to our customers as fast as we receive them; we regret delays as deeply as you do; we thank you for your friendly patience and understanding; and we promise you a new high motoring experience when you do take delivery of your new General Motors car or truck.

Keep Your Present Car or Truck Running
Meanwhile, may we suggest that you safeguard your transportation by bringing your car or truck to us for service now and at regular intervals. Let us help you to keep it in good running condition—to maintain its performance, appearance and resale value—until the day when your new General Motors car or truck comes along.

Flooding of both curling and skating rinks was started this past week, and fairly good sheets are already in evidence on both rinks. The curling rink is under management of Malloy Broadbent, while the skating rink is being done by both Jack Bennett and Mark Lounsbury. Mark is out at the behest of the Junior Hockey Club, in order to get a sheet of ice a little sooner, and thus to get a longer season.

DO YOU KNOW?

Any information leading to the whereabouts of Mr. Hans Meents will be very much appreciated by Mr. T. S. Hughes. Mr. Meents worked in the Strathmore area in 1939.

His mother has written Mayor Hughes from Germany stating that a letter written to him to Box 297 has been returned to her undelivered. Anyone who can give any clue is asked to get in touch with Mayor Hughes at once.

CURLING CLUB

At a recent meeting of the Executive of the Strathmore Curlers final arrangements were made for the coming season. Malloy Broadbent was appointed caretaker, James Swanson as Ice Manager and Leonard Hill was again appointed as Draw Secretary for the year.

Insulating of the north wall of the rink has been completed and the entire building has been painted outside with the exception of the south wall. A start has been made to prepare the ice this week and if the cold weather continues curling should commence in the very near future.

It was decided to open the season with a Mixed Bospital with the usual entry fee of 50 cents per person. Skips wishing to enter rinks for this should hand in their names to the Draw Secretary as soon as possible. Skips who wish to enter rinks for the seasons draw should also hand in their names along with the personnel of their rinks so that the Draw Secretary will know who is available for incomplete rinks.

TOWN COUNCIL

on the new buildings in town. Cinders which have been ordered for some time now are likely to arrive in the not too distant future, a letter stated. No definite date was, however given. Various suggestions as to their disposition in winter time were made, and eventually, it was rather agreed that it would be wise to use them, if possible, in the places originally cited.

Some discussion was held with regards to activities at the skating rink this year, and during the discussion, costs arose. It was pointed out that while receipts for last year amounted to \$126, outright expenditure amounted to \$157, not at all counting the cost of the Town man, during flooding and caretaking.

Some discussion was made that winter would be an ideal time to top many of the Town trees on boulevards, which are becoming too high, and cut some of the low branches in town which are a menace to people walking by. This might be done, it was suggested during a week of fine weather, if one comes along, and would relieve greatly the strain of spring, when there is so much clearing up to be done.

Suggestions were made also, that some attempt might be made to remove clean and orderly garbage piles. It was stressed, however, that the Town has no need to remove ash piles or garbage piles on which waste water has been thrown, thus freezing the pile. Nor is there any need to remove other waste heaps built up from stock or poultry pens. It was emphasized.

NOTICE

The party to have been held in the Crowfoot Schoolhouse last Tuesday for Mr. and Mrs. Homer Schuman was postponed due to the bad weather. Mr. Neil Weaver on behalf of the many friends of the young couple presented them with a Northern Electric mantle radio, complete with battery, bearing a card containing the names of their many friends. The party will be held at a later date when weather permits.
